Subject: Re: Arizona Veteran IT jobs

In November, as part of a Cisco partner summit, we launched Talent Bridge 4 Veterans, a job matching engine that links Cisco's approximately 60,000 worldwide channel partners with veterans interested in an IT career. See below for a general overview of this platform. Over 230 employers have posted approximately 3,000 open jobs on this platform. Please feel free to share the information about this platform with any of your constituents.

We look forward to connecting with you in 2019. Happy holidays.

Michael

TALENT BRIDGE 4 VETERANS

Cisco is pleased to announce the new FREE [Talent Bridge for Veterans Matching Engine](#), connecting transitioning service members, veterans, National Guard, Reservists, and military spouses to employers looking for tech talent. This is a unique opportunity to connect with hundreds of employers, including Cisco, CDW, Ingram Micro, Red River, Tech Data, and many more, who are currently looking for qualified tech talent like you.

As a member of the military community, Cisco recognizes the commitments and sacrifices you have made and is ready to help ease the burden of searching for your next career move. With Talent Bridge for Veterans, you create a personal profile that helps employers find you based on your education, industry and military experience, certifications, and location preferences to provide instant access to jobs that align to your skills. Explore opportunities as you begin your transition, or apply for a job right away!

To access the tool, **candidates must meet at least one of the following criteria:**

- Bachelor's Degree (or higher) majoring in a technology field-of-study (e.g. engineering, computer science)
- Associate's Degree with at least 2 years related IT/networking industry experience
- Cisco Certified Network Associate (CCNA) certification (or higher)

Ready to find a great opportunity? Click [here](#) to **request your access to the Talent Bridge for Veterans Matching Engine at no cost.**

Find your best future and take your next step in a technology career today with Cisco's Talent Bridge for Veterans. To learn more, watch this [video](#).
