Four of the Troop leaders were introduced to Post Officers and meeting members. An overview was given of the Troop charter and the Troops activities through the school year. Pearl Harbor Remembrance Day

A day to remember and honor the 2,403 Americans killed in the Japanese sneak attack on Pearl Harbor December 7, 1941.

The Post Honor Guard held a ceremony at the ARC to honor this day. **Sgt-A- Arms Mark Shillinger** lead the Honor Guard and **Post Commander Pete Meier** and **Alice Maynard** raised and lowered the American flag to half staff. **Chaplain Rebecca Schmidt** provided additional support. **Adjutant Roddy Charlton** discussed "A date which will live in infamy", words spoken by President Franklin D. Roosevelt to a joint session of Congress on December 8th, 1941. This day has special meaning to me as my Uncle Charles Nickolas Charlton, USN Boiler Tender First Class, was one of 1,177 sailors and marines killed on the battle ship USS Arizona that day. His remains were not recovered and he is entombed with his fellow shipmates. My first observance of the USS Arizona was on the deck of aircraft carrier USS Kitty Hawk on our way to the South China Sea to support the Vietnam War. I was "manning the rail" in dress white uniform. As our ship slowly moved past the Arizona, a hand salute was rendered. From the flight deck I could see the entire ship underwater and said a prayer for my Uncle Charles.

We will never forgetRemember Pearl Harbor ...Never Again!

Community Report—Brenda Smull

On December 5, 2022, three Post 64 members and a spouse took a trip to the US Veterans housing facility on Grand Ave and presented donations of 10 homemade quilts, a laptop computer and medical supplies for the homeless veterans and the women at Ashley's Place.

The gifts were greatly appreciated and we plan to make more field trips to visit the veterans.

The quilts were donated to Post 64 at the annual ARC Arts and Craft fair by the Charity Sewers.

A NEW YEAR'S PRAYER

As the old year comes to an end, let us ponder on what it has held for us. Let us be thankful for the rich experiences it gave us--for every sympathetic smile, for every tear, for moments which brought laughter's melody, for nature's loveliness, and for friendship's beauty. Let us also ask forgiveness for thoughts and deeds unwise.

As we stand in the threshold of a New Year, let us be thankful for the opportunity to stand and peer intently, eagerly beyond the door to so many challenges that lie ahead. May we have the courage, truth, and faith to meet them without flinching and thought of self. Amen.

Memorial Tribute to Ed Mangan Written by Brenda Smull

I first met Ed Mangan in 2018 when I joined the Ahwatukee American Legion Post 64. He was the Commander of the Post and welcomed me with a hearty laugh and a warm smile. At my first Post 64 member meeting, I noticed the Captain bars on Ed's Legion cap and the tri-color band that held a round medal signifying he was a member of the Arizona Veterans Hall of Fame. I remember thinking to myself, "Wow, this guy is squared away!". He impressed me even more when I learned that he was active in MOAA (Military Officers Association of America) and volunteered for ESGR and JROTC programs. Having served as a Captain in the Army, I know what these organizations are and hold great respect for people who participate and support them.

Ed was an inspiring leader who walked the walk and spoke strongly and passionately about the importance of remembering those who have served as well as younger members of the community. He took his roles seriously and enthusiastically participated in hundreds of parades, flag ceremonies, and honor guards.

The world needs more people like Ed Mangan and it is my honor to write and share this tribute article about him and his life.

Edmund "Ed" Louis Mangan III was born in Chicago, Illinois and was the fourth of eight children. He graduated from Joliet Catholic High School in 1961 and served in the United State Air Force as an aircraft maintenance technician, communications engineer and recruiting officer. He was deployed during the Vietnam conflict and was stationed with units in Wisconsin, California, Mississippi, Texas, Missouri, Kansas, Arizona, Germany, Thailand, and Vietnam.

After completing correspondence courses at numerous duty stations, Ed graduated from ASU in 1973 with a Bachelors degree in Electrical Engineering. He took 18 credits each semester and took summer courses to complete his degree.

Following his military career, Ed worked as an energy management consultant and eventually started his own company, Energy Design and Consulting, "EDC." He specialized in saving schools on their electric costs so their funds could be allocated elsewhere.

Memorial Tribute to Ed Mangan (Continued)

Following his military career, Ed worked as an energy management consultant and eventually started his own company, Energy Design and Consulting, "EDC." He specialized in saving schools on their electric costs so their funds could be allocated elsewhere.

When not working, Ed truly enjoyed dancing and his favorite dance was the Swing. He professionally taught ballroom dance at Fred Astaire Dance Studios in Phoenix, Arizona. When he was a new instructor, Ed was introduced to a new student, Ann Schminke, when the two were paired together for a few dances. They loved to dance together and eventually taught dance lessons to other couples at the Ahwatukee Recreation Center.

Ed attended many Arizona Diamondbacks games and enjoyed going to Spring Training with his daughters Lisa and Laura. He and Ann had Sunday tickets for a few seasons directly behind home plate.
